### ABOUT THE DATA

**Source:** American Community Survey (ACS) is an ongoing statistical survey conducted by the US Census Bureau. It regularly gathers information previously contained only in the long form of the decennial census, thus filling a vital data gap.

**Note:** Family: A family consists of a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. All persons in a household who are related to the householder are regarded as members of his or her family. A household can contain only one family for purposes of census tabulations. Not all household contain families since a household may comprise a group of unrelated persons or one person living alone.
