

SB0700CSA04: Statistics for All U.S. Firms by Industry, Veteran Status, and Race for the State of Hawaii: 2007
2007 Survey of Business Owners

Universe Description

The universe for the 2007 Survey of Business Owners (SBO) includes all U.S. firms operating during 2007 with receipts of \$1,000 or more which are classified in the North American Industry Classification System (NAICS) sectors 11 through 99, except for NAICS 111, 112, 481111, 482, 491, 525, 813, 814, and 92 which are not covered. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. total.

[NOTE: Includes firms with paid employees and firms with no paid employees. Data are based on the 2007 Economic Census, and the estimates of business ownership by gender, ethnicity, race, and veteran status are from the 2007 Survey of Business Owners. Detail may not add to total due to rounding or because a Hispanic firm may be of any race. Moreover, each owner had the option of selecting more than one race and therefore is included in each race selected. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. and state totals for all sectors. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.]
