NOTE 1: In this table, when a category other than Total Population is selected, all persons in the household are classified by the race, Hispanic or Latino origin, or tribe/tribal grouping of the householder.

NOTE 2: "Families" consist of a householder and one or more other people related to the householder by birth, marriage, or adoption. They do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Responses of "same-sex spouse" were edited during processing to "unmarried partner."
