<sup>a</sup> "The Concept of race as used by the Census Bureau reflects self-identification; it does not denote any clear-cut scientific definition of biological stock." Note: For Census 2000, the question on race was revised to allow respondents the option to self-identify themselves by selecting one or more races to indicate their racial identities. Percents add over 100% due to duplicate counting. The table uses the "alone or in combination" totals.

<sup>b</sup> Includes Kalawao County
