– The population threshold on Summary File 4 is 100. In addition, there must be at least 50 or more unweighted cases of the population group. The requested table is not available for the following geographic area(s) because the population of the selected race or ethnic group, or ancestry group, is less than the threshold(s). Change your selection to a larger geographic area and/or choose a more broadly defined race, ethnic, or ancestry group.

- Outside the State of Hawaii, the states with the largest Native Hawaiian student enrollment in 2000 were, California (20,987), Washington (4,880), Texas (2,855), and Nevada (2,306).
